Antimicrobial Stewardship and Resistance for Prescribers

Within Wales, all pharmacist independent prescribers who are already providing a prescribing service from a community pharmacy, are required to complete the Antimicrobial Stewardship and Resistance for prescribers eLearning by 1st November 2022 (extended from 1st October due to delay in publishing), to continue to remain on the prescriber list.

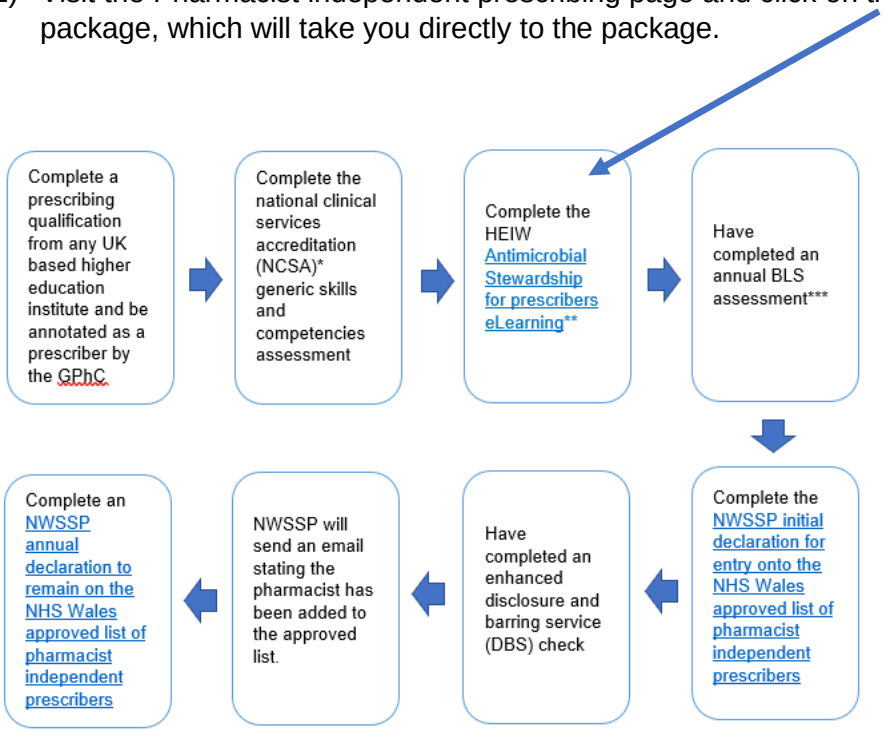
The package should take no more than one hour to complete.

You can access this package in a number of ways, **once you are logged onto the HEIW Pharmacy website:**

1) Click on the direct link below

   Antimicrobial Stewardship and Resistance for Prescribers - HEIW Pharmacy (wcppe.org.uk)

2) Visit the Pharmacist independent prescribing page and click on the box describing the package, which will take you directly to the package.



3) When on our homepage, scroll down and select Self Directed learning, then selected eLearning packages and you will see the package listed there.
